

Title:

PI: Qi Zhang, Assistant Professor, Computer Science Department, Worcester Polytechnic Institute

Focused Research Theme:

Long-Term Memory for Sequential Decision-Making in Game Video Understanding

Abstract**1 Introduction****2 Methods****3 Milestones**

Budget Summary

A total amount of \$78,688 is requested as the direct cost: \$43,473 is requested for the annual stipend of a graduate student research assistant (RA). \$18,340 is requested for the tuition of the RA. \$13,111 is requested for 1-month summer salary for the PI. \$3,514 is requested for the fringe benefits of the PI.

A total amount of \$34,398 is request for the indirect cost, which is calculated at WPI's federally negotiated rate of 55% of Modified Total Direct Costs (MDTC), per agreement with ONR dated May 2024.

The total amount requested is therefore \$113,086.
